### About Adam Brand

Across more than two decades in song, soulful country songsmith **Adam Brand** has made a close study of love in its every facet. With glorious new single '**Still the One**', **Adam** delivers an irresistible reflection on sustaining connection in the face of adversity.

"These two people have been through a crazy, difficult time—", **Adam** says of the couple at the heart of '**Still the One**', "—just like every relationship does. Just like we, as a country and world, are going through right now. But no matter what happened in the past or what will happen, they're saying, *you're still the one. We'll stick together through thick and thin.*"

It's a timely message of hope, confirming **Adam's** gift for unearthing those shared experiences that bind people from all walks of life together: from connecting over the wobbly table at a café to weathering the pang of physical separation.

"Even though it's a love song between two people, there are so many relationships that are under duress at the moment," **Adam** reflects. "There's a lot of separation in the world because of borders. I hope everyone has somebody they can look in the eye and say, *whatever happens, no matter what comes our way, we're sticking through this.*"

Combining irresistible pop production, a dancefloor-ready beat, and **Adam's** own earthy brand of heartland country soul, '**Still the One**' finds **Adam** exploring new vistas in sound.

Since bursting onto the scene with his celebrated self-titled debut album in 1998, **Adam Brand** has taken home 12 CMAA Golden Guitar Awards and netted six ARIA Award nominations. Across 15 studio albums, **Adam** has celebrated three platinum and five gold album certifications. Confirming **Adam's** incomparable power as a fan favourite performer Australia wide, the world-beating artist has taken out seven CMC Oz Artist of the Year Awards – more than any other artist in the awards' history.

Starting with the high-octane *Built for Speed* in 2002, **Adam** has enjoyed an unbroken string of No.1-charting ARIA Country Albums. 2020's *Speed of Life* took out the No.6 spot on the overall ARIA Albums Chart, marking **Adam's** sixth studio album to make the Top 10. As dozens of No.1 hit singles confirm, **Adam** ranks among the most successful Australian artists of all time.

A heartfelt love song for troubled times, '**Still the One**' is **Adam Brand** at his insightful, articulate best. It's a healing balm, and a joyous celebration of constancy and resilience.

### **Brittany Maggs Launches Debut Single: Lazy Boy**

New to the Australian pop music scene, Brittany Maggs has announced the release of her debut single 'Lazy Boy'. The tongue in cheek urban pop anthem, was inspired by talks with her girlfriends about the lazy boys on the modern dating scene, empowering young women and men to be strong, independent and not put up with a lazy boy!

Hailing from Sydney's northwest, this 19-year-old – although fresh faced and sweet – is far from an amateur! The past two years of her life were spent amongst the hustle and bustle of the Los Angeles studio scene where she earned her stripes under the guidance of some of the biggest names in the music industry!

Brittany comments: "I wrote the song in an hour. First it started with a beat with my producer (ZuZu) and I sitting in the studio working out the melody for the song. Then my friend stormed in, frustrated after a failed Tinder date. She continued to tell me how this guy made zero effort to win her affection and that there wouldn't be a second date.

We started talking about guys we'd dated in the past and realised this is something women and men of all ages face in the dating scene. I wrote the song and that's how Lazy Boy was born."

Taking influence from modern pop icons Ariana Grande, Dua Lipa and Bebe Rexha, Brittany is a powerful and diverse vocalist, prolific song writer and enigmatic performer who is more than ready to step into the spotlight as a pop artist in a market where pop is often a dirty word, Ready to knock on every door to ensure her voice is heard!
